Shelves: anthropology This book dissects the persistence of the belief in ritual cannibalism. (By "ritual" the author makes the distinction between the notion of the cannibal as a cultural norm, which he finds to be entirely mythical, and the cannibal as aberration--survival cannibalism or deviant cannibalism like Ed Gein or Jeffrey Dahmer.)

Anthropology and the Man-Eating Myth

This chapter discusses cannibalism, which is argued to have little empirical basis. It is argued that savage cannibalism is an imputation of the Other--a colonial projection providing justification of colonialism, proselytism, conquest, and extermination of native peoples. This refers to "Orientalism" or "savagism." The first section of the chapter discusses the emergence of modern ...

'The Man-eating Myth' was very much a book of its time when it was published in 1979, starting with the faux-common man authorship by 'W. Arens,' as if the professor was just another anonymous cog in the machine. The agenda was to whitewash 'savages' from the charge -- implicitly, the western colonialist charge -- of cannibalism.
