Gold, the Marmite metal giving Rowley Turton's clients the Midas touch. Every month, New Model Adviser looks under the bonnet of a core fund in advisers' portfolios.

In this book Rev. Kenneth E. Hagin uses the Word of God to answer the many questions Christians have concerning money and the prosperity message. This book will challenge the way Christians think and talk about money.

For the first time, two of the worlds most successful and influential entrepreneurs will share their own Midas Touch secrets. Secrets that will inspire you to find and fulfill your passion as well as provide you with the hands-on guidance you need to be successful.

King Midas enjoyed turning everything he touched to gold until he discovered that gold food was hard to eat and gold daughters cold to hug.

A rousing call to action, this book will leave you feeling hopeful that we can make a difference in the midst of an age of turmoil, destruction, and uncertainty. The climate crisis, mass extinctions, political polarization, extreme inequality--the world faces terrifying challenges that threaten to divide us, yet Lily Cole argues that it is up to us to actively choose optimism, collabo- rate, make changes, and define what is possible. Cole writes: "We are the ancestors of our future. The choices we make now and the actions we take today will define and transform future generations." Having collaborated with experts working on solutions to humanity's biggest challenges, Cole distills a vision for a sustainable and peaceful future. She explores divisive issues from fast fashion to fast food and from renewable energy to gender equality, and interviews some of today's greatest influencers: Sir Paul McCartney (musician and activist), Elon Musk (CEO of SpaceX), Gail Bradbrook (cofounder of Extinction Rebellion), Farhana Yamin (climate change lawyer and activist), Emily Shuckburgh (climate scientist), Stella McCartney (sustainable fashion designer), Livia Firth (cofounder of Eco-Age), and Lisa Jackson (vice president of environment, policy and social initiatives at Apple, former Administrator of the EPA). The book also features a 32-page photo insert documenting Lily's experiences around the world, as well as the artists, activists, and others who have inspired her, and her own--as yet unpublished--photography.

All Amber wants is a little bit of love. Her mum has never been the caring type, even before she moved to California, got remarried and had a personality transplant. But Amber's hoping that spending the summer with her can change all that. And then there's Kyle, the most American person Amber's ever met. She can't help liking him. But can he really be interested in her? Even with best friends Evie and Lottie's advice, Amber's finding love is hard. Is it worth the fight? "I'm a big Holly Bourne fan and this is my favourite yet. She writes with such humour and great honesty, with wonderfully relatable characters. It's also refreshing to see feminism highlighted in such a positive and relevant way for teenagers." - Fiona Noble, The Bookseller "Bourne talks about feminism so openly and truthfully in her books and if you ever doubted the intelligence, ability or passion of teenage girls read her books and you never will again." - Muchbooks reader review on Guardian Children's Books "Written with humour and warmth, Amber's story perfectly captures the emotional rollercoaster that is love: embracing all its joy and pain, whether it be for family, friends or a gorgeous boy. A really satisfying page turner." - BookTrust "Emotive and thought provoking this searingly honest book deals with the biggest life lesson of all - nobody's perfect." - South Wales Daily Post "Holly Bourne truly is the Queen of YA!" - Humaira Kauser, age 17, for LoveReading4Kids "Holly Bourne is hugely popular with the young adult audience. The second instalment in her Normal series tells Amber's story of first love, friendship and addiction." - The Sunday Express "Holly Bourne's new novel demonstrates that with the right female friends, and a decent supply of cheesy snacks, a girl can get through anything... Well-written and thoughtful, this has a thoroughly authentic twenty-first century teen voice and lightens serious issues with humour." - LoveReading4Kids "When I received this book I let out a squeal... I really love this series." - Lucy the Reader "Hysterical" - Mslexia "The story is equal parts hilarious and heart-wrenching... I cannot get over how many times I snorted out loud whilst reading this book. You'll have to read it to see for yourself" - Fable & Table "[Holly Bourne's] writing style keeps me hooked, makes me feel things and genuinely makes me think hard about important issues. I cannot recommend her novels highly enough and I am on a mission to read them all!" - Adventures of a Teenage Bookworm

Find lasting freedom from difficult emotions with skills grounded in cognitive behavioral therapy (CBT) and emotional schema therapy. If you struggle with difficult emotions, you should know that you aren't alone. Many people feel sad, worried, or stressed out—whether as a result of depression, anxiety, or simply dealing with the common struggles of daily life. Emotions are a natural and healthy part of being human. It's how we cope with these difficult emotions that reveal our true capacity for happiness, love, and joy. Don't Believe Everything You Feel offers a groundbreaking approach blending CBT and emotional schema therapy to help you explore your own deeply held personal beliefs about emotions, determine if these beliefs are helpful or harmful, and find the motivation to adopt alternative, healthier coping strategies. Each chapter contains exercises such as self-assessment, expressive writing, or guided questioning to help you manage your emotions more productively. There's no such thing as a "bad," emotion. But if you're experiencing sadness, anger, or anxiety most of the time, you need to find balance. This book will show you how to better cope with your emotions and live a full, meaningful life.

Ashutosh is a young, renowned and ambitious businessman; busy building a profitable business and a lavish lifestyle. He thinks that he is in total control of his thriving life, but fate doesn't concur with him. An unexpected event turns his life upside down. Destiny manifests an unanticipated enigma and devises miseries for him to deal. What choices will he make? What karma is he going to do? Will fortune smile on him again? But one thing is for sure, Ashutosh is not going to rest until he uncovers the mystery, regains lost ground, and rebuilds his life.

Michael Jackson died on June 25 2009 in Los Angeles, from of acute propofol and benzodiazepine intoxication (according to Wikipedia). The one-time King of Pop was preparing for one last assault on the mainstream with a proposed 50 night run of shows at the 02 (thereby trumping his arch-rival, Prince, who had just concluded his legendary 21 Nights). His exhaustion, paranoia and general ill-health were an open secret. He had lived many lives and inhabited many bodies; PT Barnum, Fred Astaire, and Peter Pan in one mortal coil. His death was mourned by hundreds of millions of fans but it was almost as if he had been dead for some time already. And in his death, in vivid technicolor, we relived the dreams, nightmares, fantasies, and perversions that we had all projected on to him for four decades. Paul Morley's short biographical portrait of Michael Jackson looks at how we turned the most outrageous child star talent of the late 20th century into a monster; how his decline soundtracked the end of Pop and the end of American Imperialism; how his once staggeringly modern and funky music became secondary to the dysfunctional freak show of watching a vulnerable man literally disintegrate. Tender, erudite, and provocative, Morley's monograph documents a tragedy that is so Shakespearean in scale that it obscures the legacy of the last of the great Song and Dance Men.
