Now the mother of four children -- Emilee, Michael, Walker, and Grace -- Tierney wanted to resurrect parts of her own past, and in doing so she was able to discover her own growth process. With her kids in tow, she chronicled visits to her mom in upstate New York, shooting spontaneously as events occurred, walking in fields, peering or placing herself in quotidian bedroom or bathroom scenes.

strengthening their bonds with their then seven-year-old girls. The group met regularly to speak frankly about such issues as friendships and aggression, puberty, body image, drugs, and sexuality. The results were amazing: confident, assertive teenage girls with strong self-images and close ties to their moms. Equally important, the mothers navigated their own concerns about adolescence with integrity and grace. From their dedication and efforts arose The Mother-Daughter Project, an incredibly useful parenting handbook that details the success of the Project ' s groundbreaking model, providing mothers with a road map for staying close with their own daughters through adolescence and beyond.

\*Finalist for the 2021 Pen/Faulkner Award for Fiction\* From the author of *Girls on Fire* comes a “ sharp and soulful and ferociously insightful ” (Leslie Jamison) novel centered around a woman with no memory, the scientists studying her, and the daughter who longs to understand. Wendy Doe is a woman with no past and no future. Without any memory of who she is, she ' s diagnosed with dissociative fugue, a temporary amnesia that could lift at any moment—or never at all—and invited by Dr. Benjamin Strauss to submit herself for experimental observation at his Meadowlark Institute for Memory Research. With few better options, Wendy feels she has no choice. To Dr. Strauss, Wendy is a female body, subject to his investigation and control. To Strauss ' s ambitious student, Lizzie Epstein, she ' s an object of fascination, a mirror of Lizzie ' s own desires, and an invitation to wonder: once a woman is untethered from all past and present obligations of womanhood, who is she allowed to become? To Alice, the daughter she left behind, Wendy Doe is an absence so present it threatens to tear Alice ' s world apart. Through their attempts to untangle Wendy ' s identity—as well as her struggle to construct a new self—Wasserman has crafted an “ artful meditation on memory and identity ” (The New York Times Book Review) and a journey of discovery, reckoning, and reclamation. “ A timely examination of memory, womanhood and power, ” (Time) *Mother Daughter Widow Wife* will leave you “ utterly riveted ” (BuzzFeed).

In this empowering picture book perfect for young feminists, a gutsy baseball-playing girl and her bricklaying mom celebrate when love and hard work triumph over nerves. A young pitcher steps up to the plate. A hardworking mom interviews for her biggest job yet. Girls and women aren't always welcome in the worlds of baseball and bricklaying. But with practice, the right gear, and a whole lot of determination, this intrepid mom and daughter thrive under pressure. Readers get to see their parallel narratives unfold in tandem, coming together at the end for a sweet reward: ice cream! With fun, punchy writing and radiant illustrations, this touching story will be a hit for budding activists, kids who love sports, and the moms who cheer them on. An American Library Association Notable Children ' s Book A Chicago Public Library Best Book of the Year A Bulletin of the Center for Children's Books Blue Ribbon Book

Mother-daughter relationships can be wonderful and powerful. They can also be stressful, challenging, and painful; yet they are often delicate and tender. After losing her mother, Kim shares that strengthening her own mother-daughter relationship was more important than ever. Kim ' s and Lee ' s personal reflections in this book from family, to real life challenges, to faith, are attempts to open the dialogue between family members and communities. They share some of their vulnerabilities and pains

in hopes that this kind of sharing will encourage others to engage in similar intimate dialogue.

A nationally recognized expert on the psychology of women shows how the anger and agony of the mother-daughter relationship can be replaced with a new bond based on understanding and respect.

“ This groundbreaking work will give voice to an enormous population of women who are struggling to understand themselves in the face of their fathers ’ absence. ”  
—Claire Bidwell Smith, author of *The Rules of Inheritance* and *After This When Motherless Daughters* was published 20 years ago, it unleashed a tsunami of healing awareness. When Denna Babul and Karin Smithson couldn't find the equivalent book for fatherlessness, *The Fatherless Daughter Project* was born. The book will set fatherless women on the path to growth and fulfillment by helping them to understand how their loss has impacted their lives. A father is supposed to provide a sense of security and stability. Losing a father comes with particular costs that vary depending on the way he left and how old a girl was when she lost him. Drawing on interviews with over 5000 women who became fatherless due to death, divorce, neglect, and outright abandonment, the authors have found that fatherless daughters tend to push their emotions underground. These issues in turn become distinct patterns in their relationships as adult women and they often can't figure out why. Delivered with compassion and expertise, this book allows readers support and understanding they never had when they first needed it, and it encourages the conversation to continue.

"Mom, I'm gay." With three little words, gay children can change their parents' lives forever. Yet at the same times it's a chance for those parents to realize nothing, really, has changed at all; same kid, same life, same bond of enduring love. Twenty years ago, during a walk on a Mississippi beach, Ellen DeGeneres spoke those simple, powerful words to her mother. That emotional moment eventually brought mother and daughter closer than ever, but not without a struggle. Coming from a republican family with conservative values, Betty needed time and education to understand her daughter's homosexuality -- but her ultimate acceptance would set the stage for a far more public coming out, one that would change history. In *Love, Ellen*, Betty DeGeneres tells her story; the complicated path to acceptance and the deepening of her friendship with her daughter; the media's scrutiny of their family life; the painful and often inspiring stories she's heard on the road as the first non-gay spokesperson for the Human Rights Campaigns National Coming Out Project. With a mother's love, clear minded common sense, and hard won wisdom, Betty DeGeneres offers up her own very personal memoir to help parents understand their gay children, and to help sons and daughters who have been rejected by their families feel less alone.

The biological daughter of writer Paula Fox and mother of rock singer Courtney Love describes growing up as an adoptee, her search for her birth mother, and her relationship with her own troubled daughter.

With such groundbreaking bestsellers as *Women ’ s Bodies*, *Women ’ s Wisdom* and *The Wisdom of Menopause*, Dr. Christiane Northrup is one of today ’ s most trusted and visionary medical experts. Now she presents her most profound and revolutionary approach to women ’ s health. . . .The mother-daughter relationship sets the stage for

## Access Free The Mother Daughter Project How Mothers And Daughters Can Band Together Beat The Odds And Thrive Through

our state of health and well-being for our entire lives. Because our mothers are our first and most powerful female role models, our most deeply ingrained beliefs about ourselves as women come from them. And our behavior in relationships—with food, with our children, with our mates, and with ourselves—is a reflection of those beliefs. Once we understand our mother-daughter bonds, we can rebuild our own health, whatever our age, and create a lasting positive legacy for the next generation. Mother-Daughter Wisdom introduces an entirely new map of female development, exploring the "five facets of feminine power," which range from the basics of physical self-care to the discovery of passion and purpose in life. This blueprint allows any woman—whether or not she has children— to repair the gaps in her own upbringing and create a better adult relationship with her mother. If she has her own daughter, it will help her be the mother she has always wanted to be. Written with warmth, enthusiasm, and rare intelligence, Mother-Daughter Wisdom is an indispensable book destined to change lives and become essential reading for all women.
