And how do they turn those ideas into products? Hardly a week passes without someone publishing a book on the subject. Most are rubbish. But The Other Side of Innovation: Solving the Execution Challenge is rather good ... In their new book [the authors] address two subjects that are usually given short shrift: established companies rather than start-ups and the implementation of new ideas rather than their generation."

**Amazon.com: The Other Side of Innovation: Solving the**---

The Other Side of Innovation is about innovation inside enterprises. It does not cover innovation inside startups. This is a business management book. The authors argue that there are usually two ways to innovate: build special innovation teams or improve on existing products.

**The Other Side of Innovation: Solving the Execution**---

The Other Side of Innovation codifies this staged approach in a variety of contexts. It delivers a proven step-by-step guide to executing (launching, managing, and measuring) more modest but necessary innovations within large firms without disrupting their bread-and-butter business.
