A millennium into the
future, two advancements
have altered the course of
human history: the

colonization of the Galaxy
and the creation of the
positronic brain. On the
beautiful Outer World planet
of Solaria, a handful of
human colonists lead a
hermit-like existence, their
every need attended to by

murder that has rocked
Solaria to its foundations.
The victim had been so
reclusive that he appeared
to his associates only
through holographic
projection. Yet someone had
gotten close enough to
