Text on illustrated pages in large print.

"This book is a true gem! When reading it together with my mom who has dementia, in very little time her mood changed. She became very engaged and very alive! It is a truly transformational book." --Ken Ross, family caregiver"In my work with families and professionals, The Sunshine on My Face has been an invaluable tool for them to engage people with advanced dementia one a one-to-one basis. The simple words, pleasant themes, and colorful illustrations enable everyone to have an enjoyable experience." --Dan Kuhn, LCSW, Vice President of Education, All Trust Home CareThis beautiful 10th anniversary edition of the award-winning The Sunshine on My Face: A Read-Along Book for Memory-Challenged Adults presents the pictures and stories that readers have come to love while introducing new content to make interactions with a loved one with dementia more meaningful. In this innovative read-aloud book, colorful illustrations accompany short, easy-to-read text that describes universally appealing experiences: feeling the warmth of the sun on your face, listening to music, watching children play, going for a ride in the countryside, and more. Each page will spark boundless opportunities to discuss and remember happy times and comforting experiences. Both universal and timeless, this appealing book can serve multiple purposes:• Stimulate conversation and reminiscence• Encourage physical closeness and interaction• Provide a calming diversion from an upsetting episode• Inspire intergenerational exchanges with children• Increase social interaction * Promote reading skills in adults who retain their literacyReading this book is an instant activity--no planning or preparation required. Tips on how to promote engagement with the book are provided, as well as song suggestions for each illustration. Perfect for professional and family caregivers alike.

An adaptation of one of the late country singer-songwriter's best-loved songs celebrates the wonderful, pure things in life--sunshine, friendship and simple joy. Simultaneous.

Iâ€™m not a poet, yet I have always had an inward voice that loves to weave stories and words together so much so, that I sometimes forget where one story ends and another begins. I have degrees in psychology and public administration, not exactly the path that leads to becoming a writer. Yet, this is the path Iâ€™ve taken. This anthology of poems represents my first step forward at becoming a writer and poet.

... Deep emotions in my mind! they need to be expressed, or else they grow unkind. Similar to a prisoner locked up and isolated are my feelings. Acceptance can free my uncertainties, create expression for my repressions. My spirit is strong; my roots deep. So please let me be me, feel what I feel, and think what I think. Jami Bauer travels to her inner sanctuary to find peace from the busy world around her. In her first collection of poems accompanied by beautiful photographs, Bauer explores the human condition that highlights her motivations, failings, and victories while offering encouragement to others to shun stereotypes, forgive our weaknesses, and strive to be our best selves. Detours of Life shares relatable poetry that will motivate others to look within and reflect on our own journeys as we grow, search for acceptance, and learn to love unconditionally.

A New York Times bestseller The Haunting of Sunshine Girl,in active development for television by The Weinstein Company, a hit paranomal YA series based on the wildly popular YouTube channel about an "adorkable" teenager living in a haunted house. Shortly after her sixteenth birthday, Sunshine Griffith and her mother Kat move from sunny Austin, Texas, to the rain-drenched town of Ridgemont, Washington. Though Sunshine is adopted, she and her mother have always been close, sharing a special bond filled with laughter and inside jokes. But from the moment they arrive, Sunshine feels her world darken with an eeriness she cannot place. And even if Kat doesn't recognize it, Sunshine knows that something about their new house is just ... creepy. In the days that follow, things only get stranger. Sunshine is followed around the house by an icy breeze, phantom wind slams her bedroom door shut, and eventually, the laughter Sunshine hears on her first night evolves into sobs. She can hardly believe it, but as the spirits haunting her house become more frightening-and it becomes clear that Kat is in danger-Sunshine must accept what she is, pass the test before her, and save her mother from a fate worse than death.

Holly Simon is a woman of individuality, authenticity, and determination. Married to a Chicago cop, and a fiercely loyal mother, Simon's life was on a comfortable trajectory. Then, her fifth baby, Nate, was born with Down Syndrome. Things could have changed with a simple "Congratulations." Instead, the medical staff made the mistake of saying, "I'm sorry." Since the day Nate arrived, Simon has been working to change the world's "sorries" to "congratulations," advocating for all people who have special needs. As founder and executive director of the I Am Who I Am Foundation, Simon has touched thousands of lives with the simple message of acceptance through awareness. It hasn't always been easy. The challenges of raising a child with special needs and facing her own serious health issues taught Simon how to be the change she wanted to see. By sharing her story in "I Am Who I Am," she invites readers to make important changes in their own lives. Read. Be inspired. Write yourself a new life story

This latest edition, which has been thoroughly revised, ; takes a multicultural approach; includes all-new images, as well as 14 completely new highlighted activities ; integrates modern wellness concepts; features a new introduction and an updated resource section; offers guidance about activity planning and optimizing interactions between care partners and the individual with dementiaHelping you and your loved one make cherished new memories, Through the Seasons is an indispensable solution to the question of what to do together to maintain well-being and connection.

Don't tell her she needs to find closure. Don't ask her to forgive and forget. When Kim was just 22, her older brother, Ron Goldman, was brutally killed by O.J. Simpson. Ron and Kim were very close, and her devastation was compounded by the shocking not guilty verdict that allowed a smirking Simpson to leave as a free man. It wasn't Kim's first trauma. Her parents divorced when she was young, and she and Ron were raised by their father. Her mother kidnapped her, telling her that her father didn't love her any more. When she was 14, she was almost blinded from severe battery acid burns on her face during an automobile accident, requiring three reconstructive surgeries. But none of these early traumas compared to the loss of her brother, the painful knowledge that his killer was free, and fact that she could not even grieve privatelyher grief was made painfully public. Counseled by friends, strangers, and even Oprah to find closure,|| Kim chose a different route. She chose to fight. Repeatedly, Kim and her family pursued Simpson by every legal means. Foiled over and over again, they ultimately achieved a small measure of justice. Kim's story is one of tragedy, but also of humanity and, often, comedy. Living life as one of America's most famous victims|| isn't always easy, especially as a single mother in the dating market. She often had bizarre first date experiences, with one man even breaking down into tears and inconsolable with grief after realizing who she was. Ultimately Kim's story is that of an ordinary person thrown into extraordinary circumstances at a very young age, and who had the couragedespite the discouragement of so manyto ignore the conventional wisdom and never give up her fight for justice.

Stormi is a young girl whose planet has been destroyed by an unknown invader. Stormi's family and surviving members of her race search the galaxy for an inhabitable planet. She and her family face many challenges in space and on their new planet. As they attempt to survive in their new world, they are again threatened by the unknown Invaders.
