2008 Chevrolet Trailblazer Engine Light On: 3 Complaints

When we bought our 2005 chevy Trailblazer we had to turn it around and take it back to the dealership. The check engine light came on. All they did was reset it. It came back on some time later, we took it back to dealership they got it worked in at the nearest chevy shop, they reset the light and we were told to buy a gascap for it.

Check Engine Light On Problems of the 2005 Chevrolet...

The check engine light comes on when your car's computer detects an issue within the powertrain. It can indicate a major or minor complication, but ignoring it definitely makes the problem worse, leading to costly damage and repair. You can avoid all the hassles if you know the reasons for the light coming on.

How To Reset Check Engine Light: Follow These 4 Easy Ways!

Reduced Engine Power Causes: Chevy Trailblazer If you have the reduced engine power light, then there are going to be some diagnostic trouble codes stored in your OBD II system. This is great news, since it helps narrow down where the ECU thinks that the problem is. A good code scanner is really cheap and can make the process a whole lot smoother.

Chevy Trailblazer: Reduced Engine Power Diagnosis...

We have a 2005 trailblazer and there is a arrow light pointing down on the dashboard. what does this symbol mean? If this is the arrow that appears in the figure of an engine block, it indicates a "reduced engine power" condition. This usually means there is a problem detected by the computer that causes it to limit engine RPM's to 2000.

SOLVED: The light of an engine with an arrow pointing down...
