Volvo doesn't give a hard-and-fast rule on how frequently to change
your transmission fluid. For automatic S40/V50s, they officially
recommend inspecting the transmission fluid every 15,000 miles (every
other oil change) to see if it needs to be replaced, up to 90k miles.

Transmission Fluid and Volvo S40/V50, C30 & C70

MTF (manual transmission fluid) is a term preferred by some OEMs, perhaps they think it's more descriptive than "gear oil". It doesn't call up any particular performance or viscosity. For example a Volvo MTF will not be the same as a Honda MTF. How do gear oil, ATF and MTF viscosities relate to engine oil viscosities?

No this is the very best oil you can get, filled as standard, Not Necessary to change it. There are many 15 - 20 year old volvos going around with this oil still working fine in their manual gearboxes. However Volvo did alter the formula of the oil a few years ago to give better low temperature performance.
